

*Alan Dulles,
C.I.A.*

The Hitler bit comes from Pageant Magazine for November, and is part of a story Hitler's final hours.

Wandering through this underground prison, Hitler spent much time playing with his dog Blondi, who had just given birth to pups, and indulging in long, aimless conferences. He was able to sleep only three hours a night and lived almost entirely on chocolate and sweet cakes, and on barbiturates and other supportive drugs administered by his physician.

Blondi has a ticket on the Irish Sweepstakes now current.

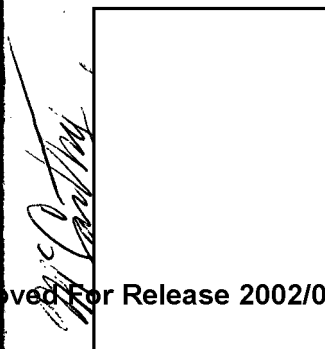

The unusual name may mean nothing or something.
